SECTION B: THE FOLLOWING MUST BE TAKEN INTO CONSIDERATION WHEN COMPLETING THE EEA4 FORMS

1. The objective of the EEA4 Form is to collect information for the assessment of the remuneration gap between the highest paid and lowest paid employees and, at the same time, to assess inequalities in remuneration in relation to race and gender in the various occupational levels. It must be noted that the total number of employees in the EEA2 in each occupational level (Workforce profile table 1.1) must be taken into account when completing this form (EEA4).

2. All employees (including Foreign Nationals) must be included when completing the EEA4 form in the appropriate space provided in the table below. Temporary employees are employees employed to work for less than three months over a period of 12 months.

3. "Remuneration" means any payment in money or in kind, or both in money and in kind, made or owing to any person in return for that person working for any other person, including the State.

4. Remuneration (i.e. fixed and variable remuneration) contained in this form must reflect information of the same employees reflected in the EEA2 Form for the reporting period concerned across all occupational levels. The workforce in terms of race and gender must be exactly the same as the workforce outlined in the EEA2 Form.

5. All employees, including Foreign Nationals and temporary employees (i.e. those employees employed to work for less than three months) must be included when completing the EEA4 Form.

6. Calculation of remuneration must include a period of twelve months and reflect the same reporting period covered by the EEA2 Form. Where an employee had not worked for a full twelve month period, an amount equivalent to the annual remuneration must be calculated and furnished. For example, the annual equivalent for an employee who worked for three months and earned R30 000 is R120 000 (i.e. $(R30\ 000 / 3) * 12$). All remuneration amounts to be reflected in the table below must be rounded up to the nearest Rand (R) and included as total remuneration (fixed / guaranteed remuneration plus any variable remuneration) that was paid out for each group in terms of population group and gender.

7. No blank spaces, commas (,), full stops or decimal points (.) or any other separator should be included when capturing the remuneration information in each of the cells in the table below — for example R7 345 567.6 must be captured as 7345568 with no separators.

8. All remuneration (i.e. total cost to company) must be included in the form as annualized fixed / guaranteed remuneration and annualized variable remuneration). The information below provides inclusions and exclusions to consider when completing the EEA4 Form.

8.1 Fixed / Guaranteed remuneration includes:

- Salary/wage;
- Housing or accommodation subsidy or housing or accommodation received as a benefit in kind;
- Travel allowance or provision of a car, except to the extent that the allowance or the car is provided to enable the employee to work as provided for by the Fourth and Seventh Schedules of the Income Tax Act;
- Any cash payments made to an employee, except those listed as exclusions in terms of this schedule;
- Any other payments in kind received by an employee, except those listed as exclusions in terms of this schedule;
- Employer's contributions to medical aid, pension, provident fund or similar benefit funds;
- Employer's contributions to income protection, funeral or death benefit schemes; and
- Guaranteed (non-discretionary) annual bonus/13th cheque.

8.2 Variable remuneration includes:

- Short-term incentives: annual or shorter incentives and (generally) cash performance-based payments, including deferrals (commission schemes are included here);
- Long-term incentives: longer than one year, (usually) share-based awards and cash-based settlement that have a vesting period of more than one year must also be included, which may be retention and / or performance-based;
- Lump sums in respect of ongoing employment e.g. back pay and leave paid upon termination;
- Discretionary payments not related to an employee's hours of work or performance (for example, a retention bonus);
- As provided for by the Income Tax Act, the taxable benefit portion of bursaries and scholarships provided to the employee and/or relatives of the employee; and
- Dividends included as remuneration by the Fourth Schedule of the Income Tax Act.

8.3 Excluded:

- Any allowance, cash payment or payment in kind provided to enable the employee to work (for example, an equipment, tool or similar allowances or the provision of transport or the payment of a transport allowance to enable the employee to travel to and from work);
- Gratuities (for example, tips received from customers) and gifts from the employer;
- Non-employment related lump sums such as severance pay; and
- Dividends not included as remuneration by the Fourth Schedule of the Income Tax Act.
