Introduction

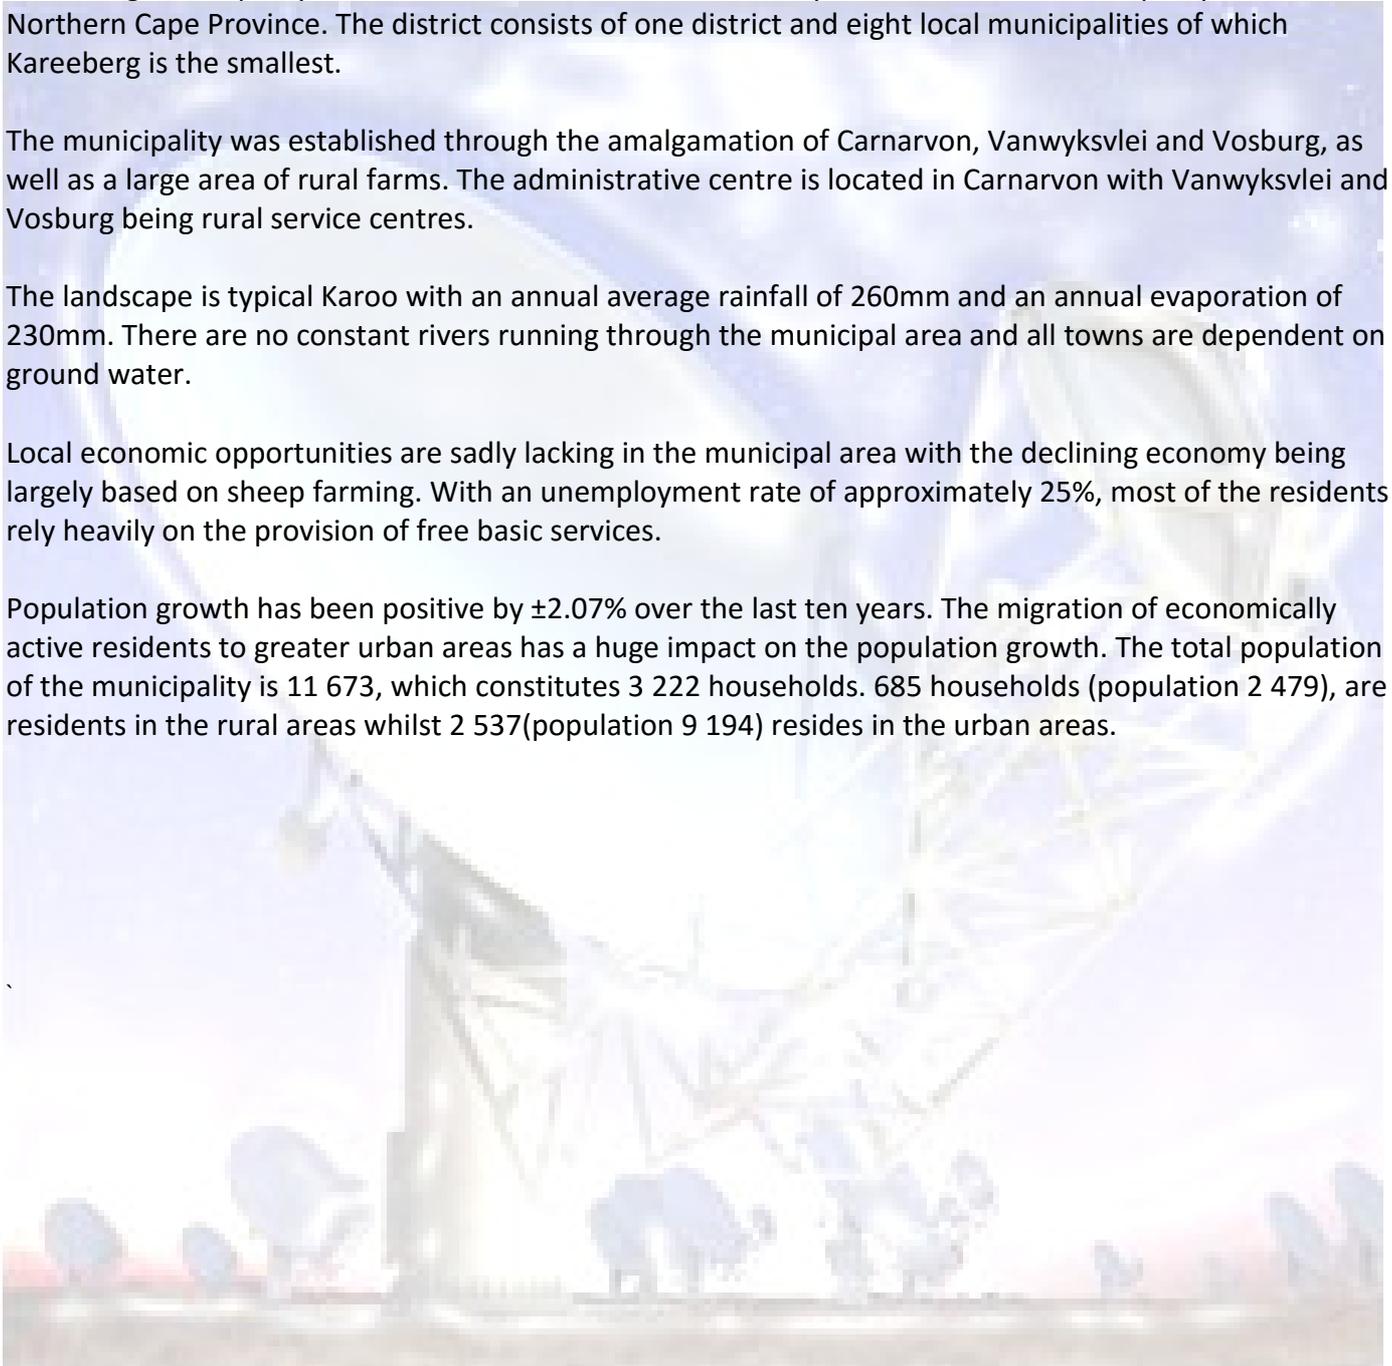

Kareeberg Municipality is situated in the western side of Pixley ka Seme District Municipality in the Northern Cape Province. The district consists of one district and eight local municipalities of which Kareeberg is the smallest.

The municipality was established through the amalgamation of Carnarvon, Vanwyksvlei and Vosburg, as well as a large area of rural farms. The administrative centre is located in Carnarvon with Vanwyksvlei and Vosburg being rural service centres.

The landscape is typical Karoo with an annual average rainfall of 260mm and an annual evaporation of 230mm. There are no constant rivers running through the municipal area and all towns are dependent on ground water.

Local economic opportunities are sadly lacking in the municipal area with the declining economy being largely based on sheep farming. With an unemployment rate of approximately 25%, most of the residents rely heavily on the provision of free basic services.

Population growth has been positive by $\pm 2.07\%$ over the last ten years. The migration of economically active residents to greater urban areas has a huge impact on the population growth. The total population of the municipality is 11 673, which constitutes 3 222 households. 685 households (population 2 479), are residents in the rural areas whilst 2 537 (population 9 194) resides in the urban areas.

1. PART 1 – IN-YEAR REPORT

1.1 Mayor's report

Submitted at end of year

1.2 Council resolutions

This report will not be tabled in council

1.3 Executive summary

1.3.1 Introduction

This year kicked off badly with the Bargaining Council accepting a wage increase of 7% while municipalities were instructed to budget for only 4.4% increase. This will impact on each budget in the country.

MIG projects are underway and upgrading of roads is the first to benefit from the R 2 million received. Upgrading of the sport complex in Carnarvon as well as installation of water borne sewerage in Vosburg still has to be approved. Cash flow has increased due to receipt of equitable share and conditional grants

Over spending on votes and type of expenditure will have to be monitored closely.

Attention is drawn to Tables C3 and C4 as well as the breakdown of "other expenditure".

NB: The PMS Framework for 2015-2016 has not yet been approved.

Senior managers' PMS contracts have not yet been signed – awaited the tender process.

The 2013-2014 audit action plan has not yet been approved.

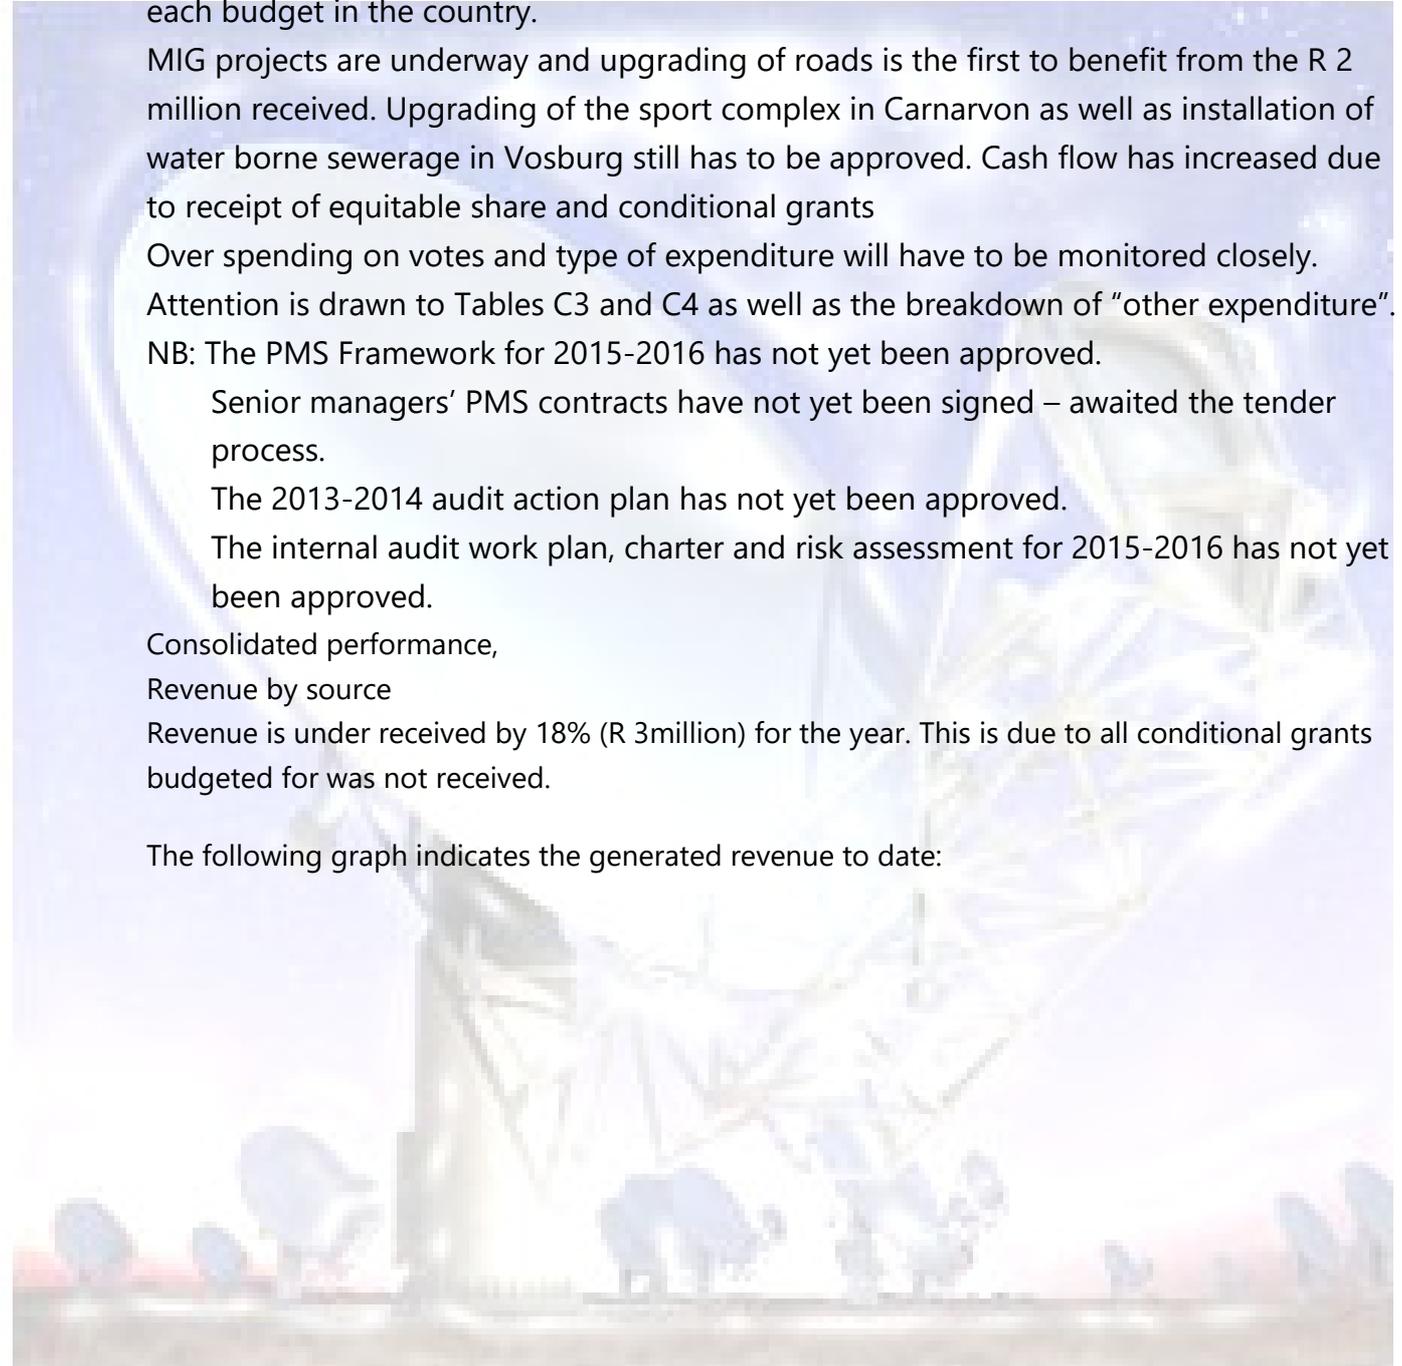

The internal audit work plan, charter and risk assessment for 2015-2016 has not yet been approved.

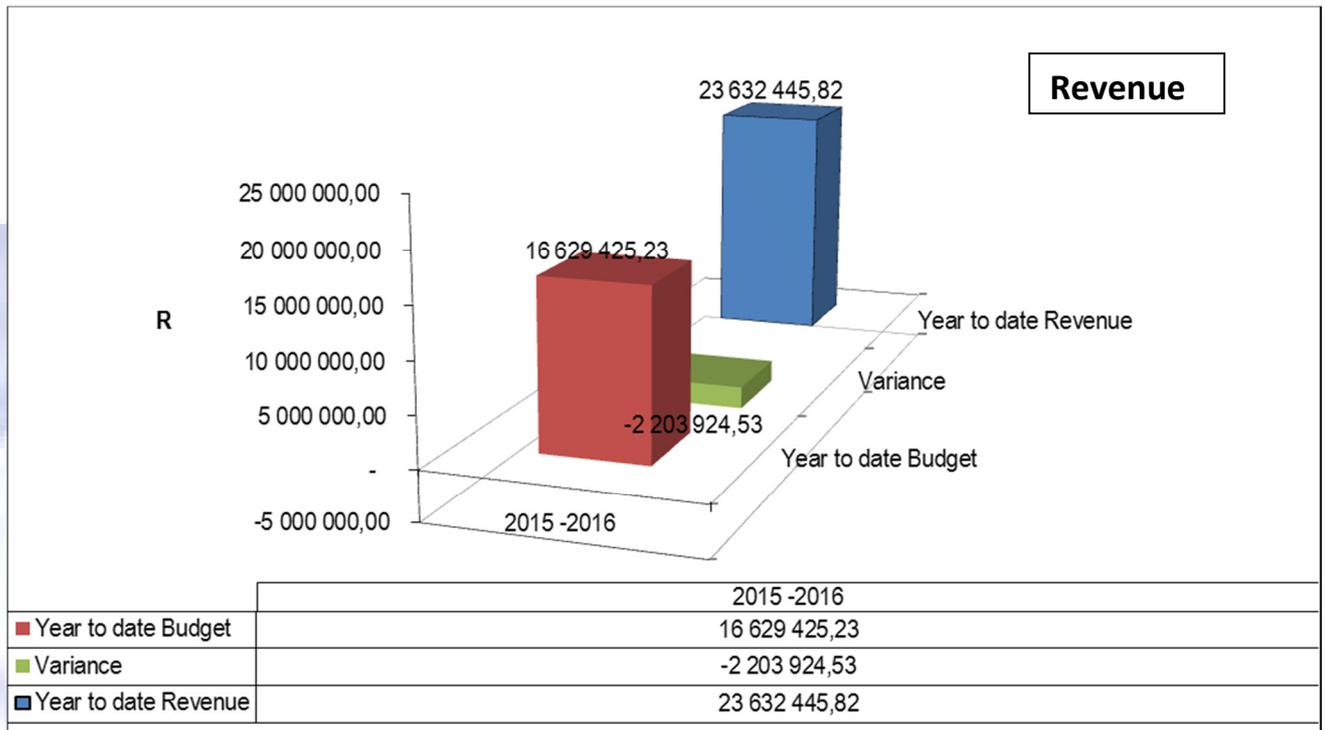

Consolidated performance,

Revenue by source

Revenue is under received by 18% (R 3million) for the year. This is due to all conditional grants budgeted for was not received.

The following graph indicates the generated revenue to date:

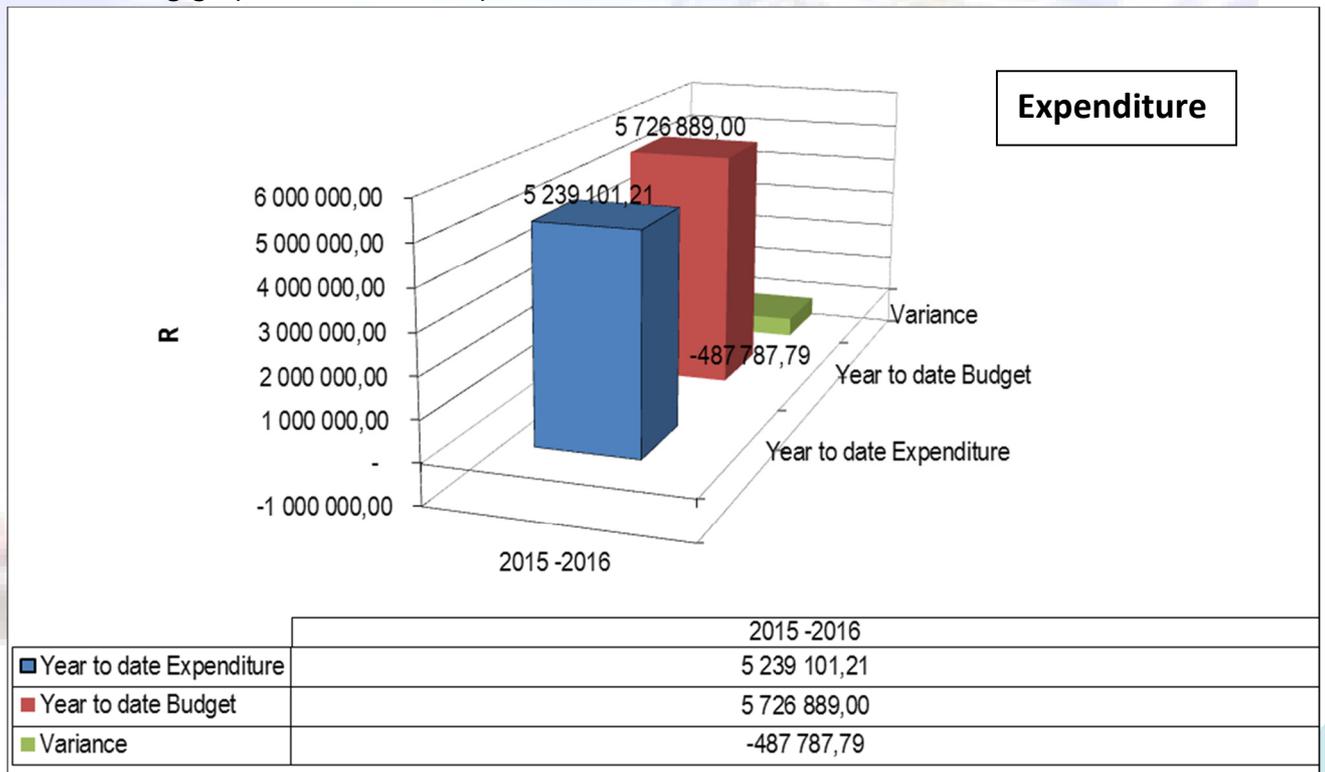

Operating expenditure by type

Expenditure is underspent by 9% (R 487 000). This is due to equitable share not expended immediately.

The following graph indicates the expenditure incurred to date.

Capital spending

Capital spending is on track with the expenditure on upgrading of roads in Carnarvon and Vanwyksvlei. Other projects still have to be approved. The progress on capital projects will be highlighted in table SC 1.

Cash flows

The municipality has a positive cash flow for the year to date of R 9.4million. This is due to receipt of the first payment of equitable share as well as conditional grants.

Note should be taken that the cash situation is very precarious and that stringent credit control will be the primary solution to this.

The following table indicates the funds available for working capital requirements:

1.3.2 Material variances from SDBIP(30 June 2015)

The service delivery and budget implementation plan will be reviewed extensively at the end of the first quarter.

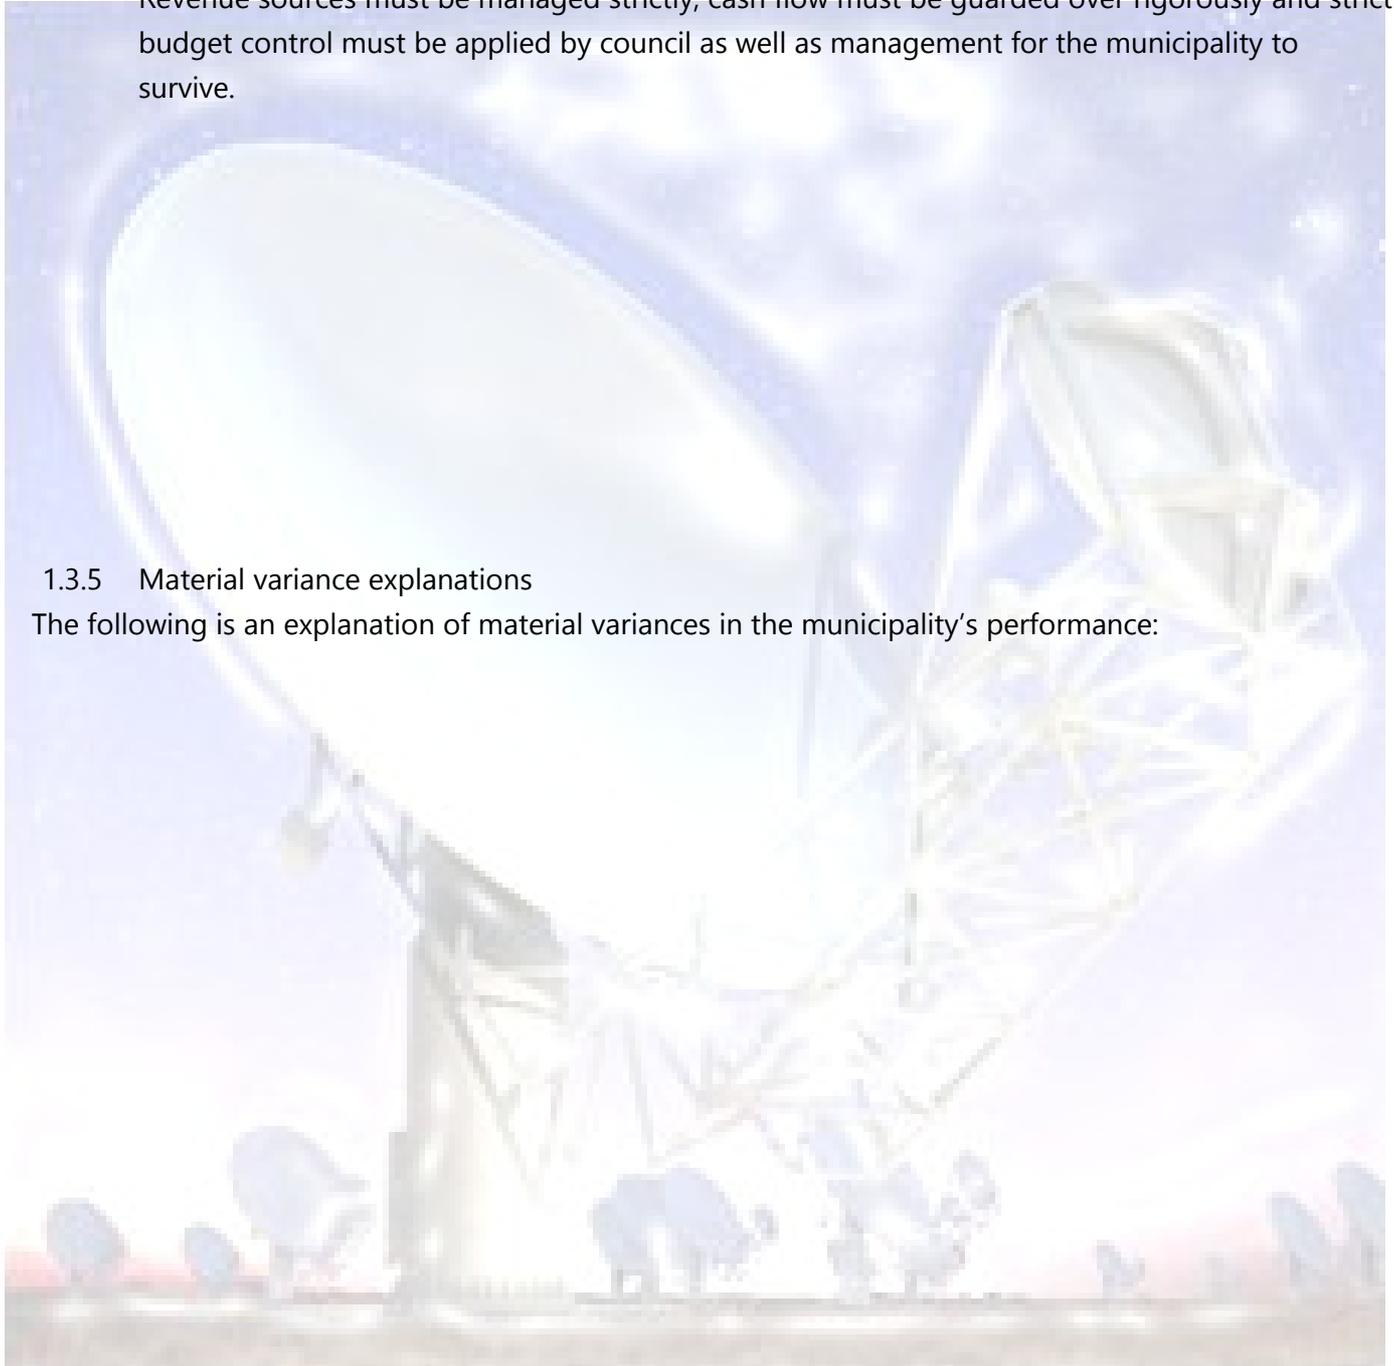

1.3.3 Remedial steps

1.3.4 Conclusion

Revenue sources must be managed strictly, cash flow must be guarded over rigorously and strict budget control must be applied by council as well as management for the municipality to survive.

1.3.5 Material variance explanations
