**Introduction**

Kareeberg Municipality is situated in the western side of the Pixley ka Seme District Municipality in the Northern Cape Province. The district consists of nine municipalities of which Kareeberg is the second smallest.

The municipality was established through the amalgamation of Carnarvon, Vanwyksvlei and Vosburg, as well as a large area of rural farms. The administrative centre is located in Carnarvon with Vanwyksvlei and Vosburg being rural service centres.

The landscape is typical Karoo with an annual average rainfall of 260mm and an annual evaporation of 230mm. There are no constant rivers running through the municipal area and all towns are dependent on ground water.

Local economic opportunities are sadly lacking in the municipal area with the declining economy being largely based on sheep farming. With an unemployment rate of approximately 61% most of the residents rely heavily on the provision of free basic services.

Population growth has been negative by  $\pm 4\%$  over the last ten years. The migration of economically active residents to greater urban areas has a huge impact on the population growth. The total population of the municipality is 11 200, which constitutes 2 728 households.

586 households (population 2 814), are resident in the rural areas whilst 2 142 (population 8 386) resides in the urban areas.

**1.1 MAYOR'S REPORT**

## 1.2 COUNCIL RESOLUTIONS

This report will not be tabled to council.

## 1.3 EXECUTIVE SUMMARY

### 1.3.1 Introduction

For the first time in the history of Kareeberg municipality, the draft budget was tabled after 31 March of the year. The budget was tabled on 2 April 2013 with the subsequent late submission of documents to all concerned.

All capital projects have started and expectations are that they will be completed by 30 June 2013.

### 1.3.2 Consolidated performance

#### Revenue by Source

Revenue is more than budgeted because the last installment of the equitable share was received.

#### Operating expenditure by type

Year to date expenditure is 1% underspent on a year-to-date budget projection. Repairs and maintenance remains a challenge due to availability of cash.

#### Capital expenditure

All contractors are on site and expenditure will increase henceforth.

#### Cash flows

The municipality experienced an increase in cash flow of R 3.2million for March. This is due to the last installment of equitable share as well as MIG. Year to date cash flow is still positive and is being monitored constantly.

### 1.3.3 Material variances from SDBIP

The service Delivery and Budget Implimentation plan was reviewed for the quarter and the following challenges were identified:

- i The performance management process came to a halt because council has not approved the performance scorecard yet.
- ii The municipal newsletter, Die Korbeeltjie, was last ditributed at the end of September 2012.
- iii Training according to the Skills Development Plan could not take place due to lack of receipt of money.
- iv The recomendations in the external audit report can not be implemented due to the fact that council refrained from approving the scorecard.
- v Ward committee meetings failed to take place for the last two quarters, due to a lack of interest by those concerned.
- vi The opening of two blockages in the sewerage network was a challenge due to ineffective machinery.
- vii The maintenance of assets are a concern due to the lack of cash.
- viii The annual 2011/12 report not yet approved by council.
- ix The IDP approved after the presented date.
- x No audit committee meetings third quarter as well as no internal audits for quarters two and three.

### 1.3.4 Remedial or corrective steps

- i None
- ii The newsletter should be distributed once again for the benefit of the community.
- iii Training will have to be undertaken through own funding.
- iv None
- v None
- vi A contractor was appointed.
- vii Repairs and maintenance of municipal assets are done when necessary.
- viii None
- ix None
- x None

**1.3.4 Remedial or corrective steps**
