In-Year Report of Kareeberg Municipality

31 December 2014

Introduction

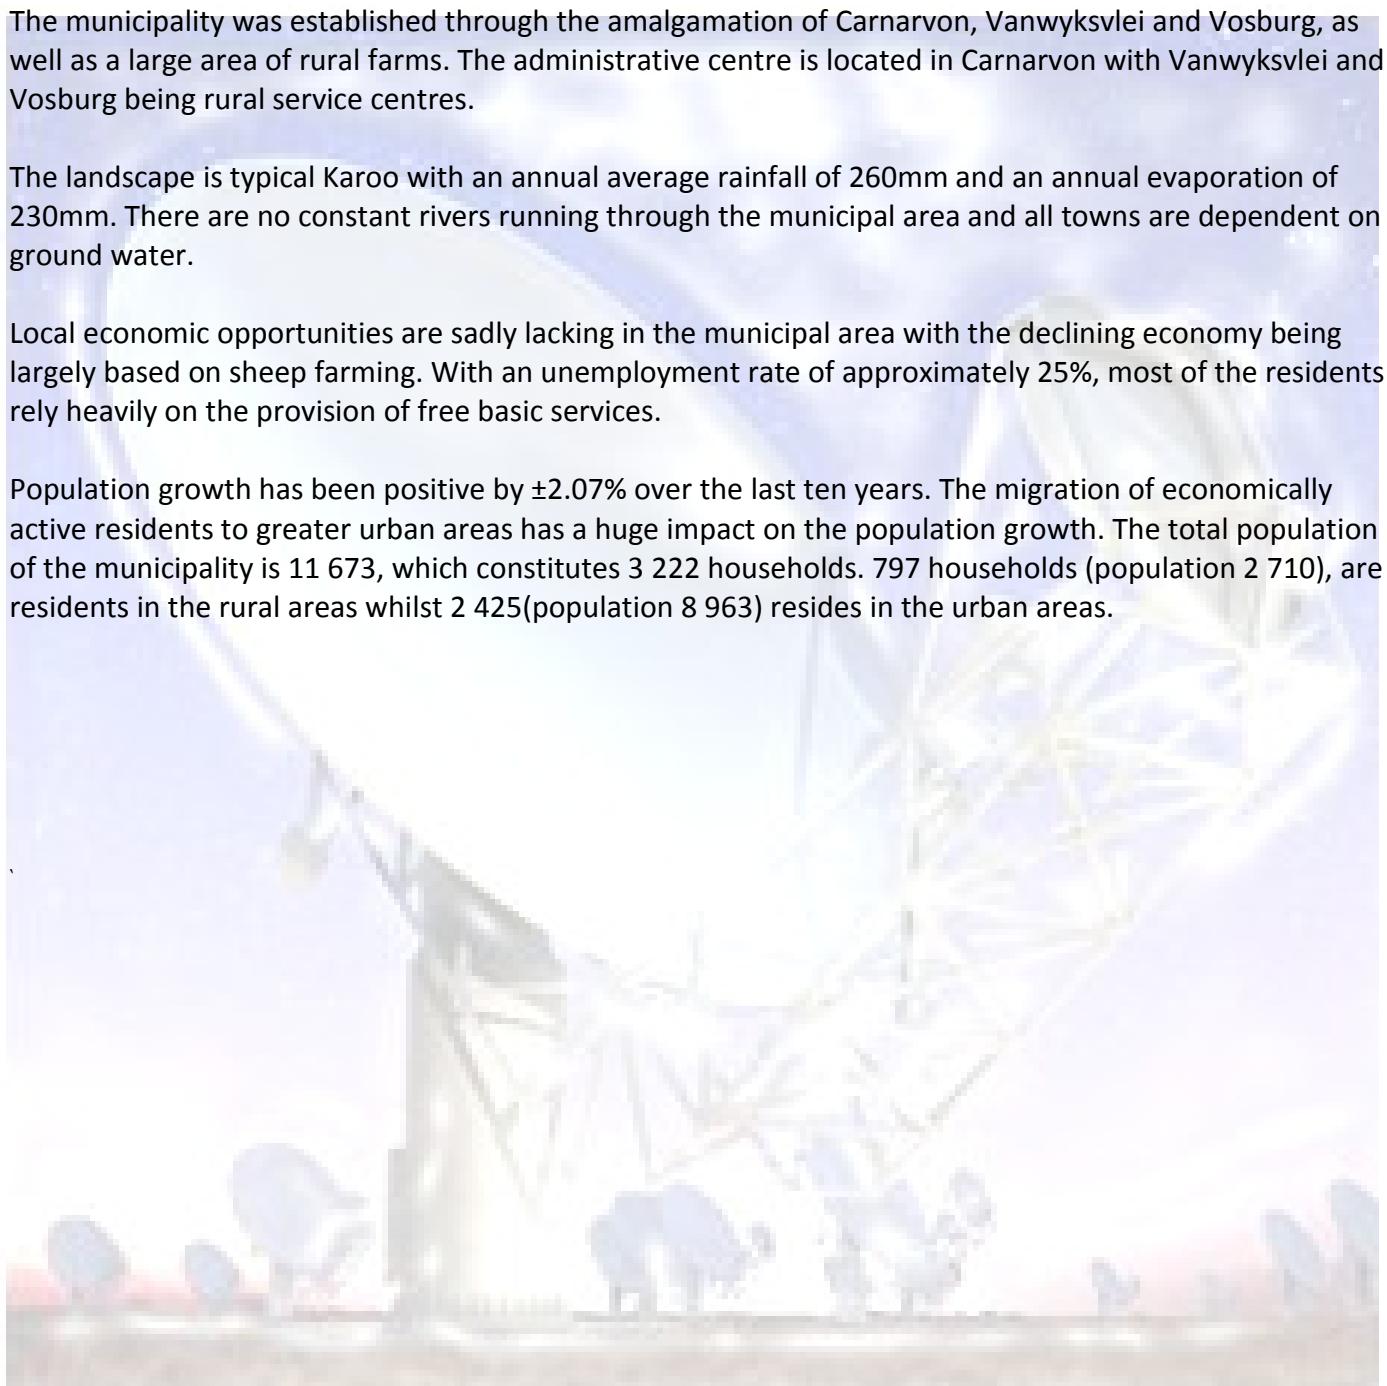

Kareeberg Municipality is situated in the western side of Pixley ka Seme District Municipality in the Northern Cape Province. The district consists of nine municipalities of which Kareeberg is the smallest.

The municipality was established through the amalgamation of Carnarvon, Vanwyksvlei and Vosburg, as well as a large area of rural farms. The administrative centre is located in Carnarvon with Vanwyksvlei and Vosburg being rural service centres.

The landscape is typical Karoo with an annual average rainfall of 260mm and an annual evaporation of 230mm. There are no constant rivers running through the municipal area and all towns are dependent on ground water.

Local economic opportunities are sadly lacking in the municipal area with the declining economy being largely based on sheep farming. With an unemployment rate of approximately 25%, most of the residents rely heavily on the provision of free basic services.

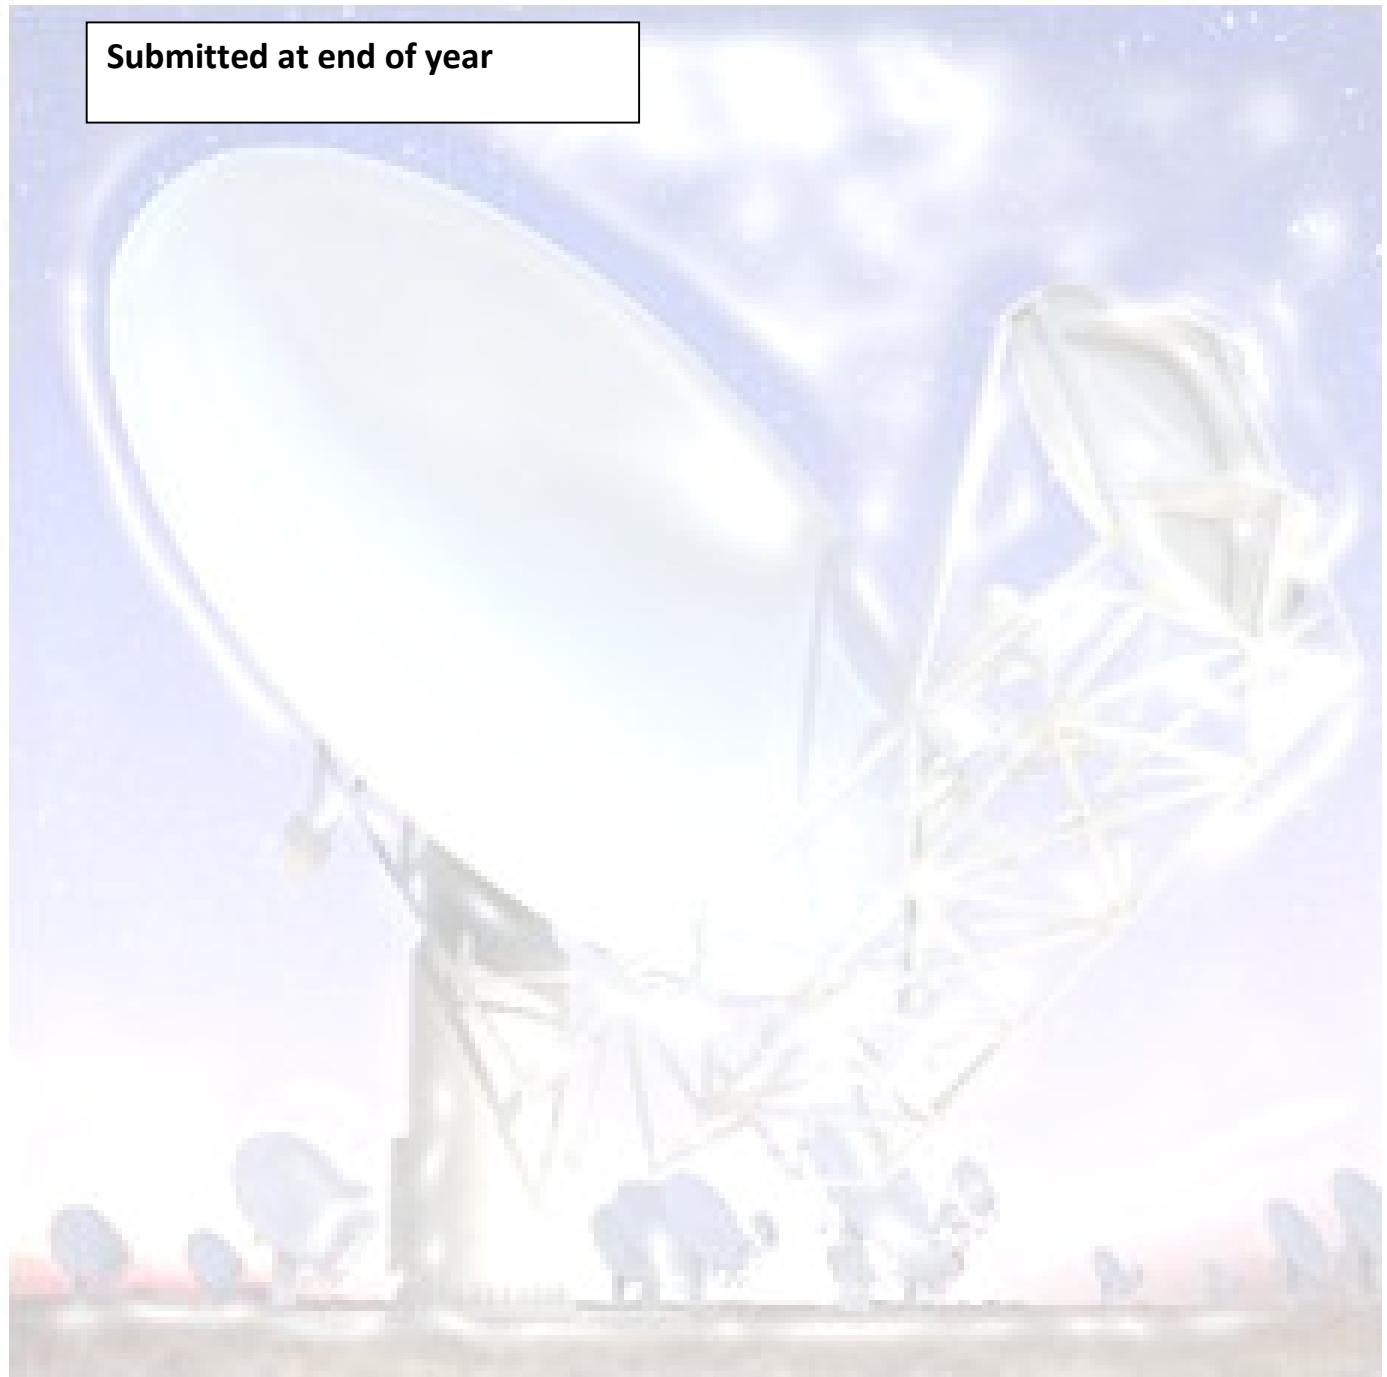

Population growth has been positive by ±2.07% over the last ten years. The migration of economically active residents to greater urban areas has a huge impact on the population growth. The total population of the municipality is 11 673, which constitutes 3 222 households. 797 households (population 2 710), are residents in the rural areas whilst 2 425 (population 8 963) resides in the urban areas.

1.1 Mayor's report

Submitted at end of year

1.2 Council resolutions

This report will not be tabled in council

1.3 Executive summary

1.3.1 Introduction

There is not sufficient water in Vanwyksvlei! Water is being transported to Vanwyksvlei from Saaipoort, Carnarvon. Funding for the transport of water has not been found yet and the municipality will not be able to afford the cost.

Working capital has increased to R 2.5million. This is due to receipt of the equitable share. The remainder of MIG will be used for upgrading of roads and upgrading of cemeteries in Vanwyksvlei and Vosburg. Credit control must be applied rigorously to ensure constant cash flow. The payment of salaries previously funded from MSIG also has an influence on the cash flow.

Over spending on votes and type of expenditure will result in irregular expenditure which will result in a qualification. Attention is drawn to Table C4 as well as the breakdown of "other expenditure".

The PMS Framework for 2014-2015 has not yet been approved.

The IDP process has come to a halt and will also cause findings in the audit.

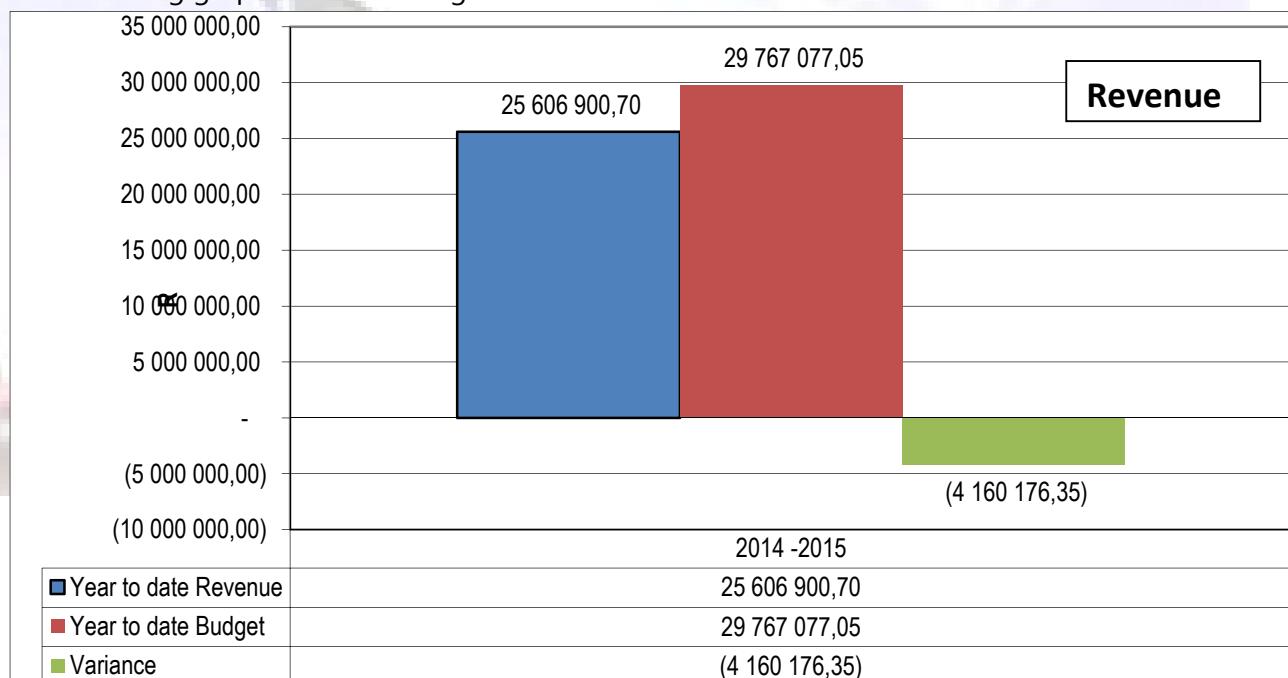

No budget steering committee meeting was held up to date.

Consolidated performance

Revenue by source

Revenue is under received by 14% (R 4.1million) for the year. This is due to the fact that conditional grants expended, are only recognised as revenue in June 2015.

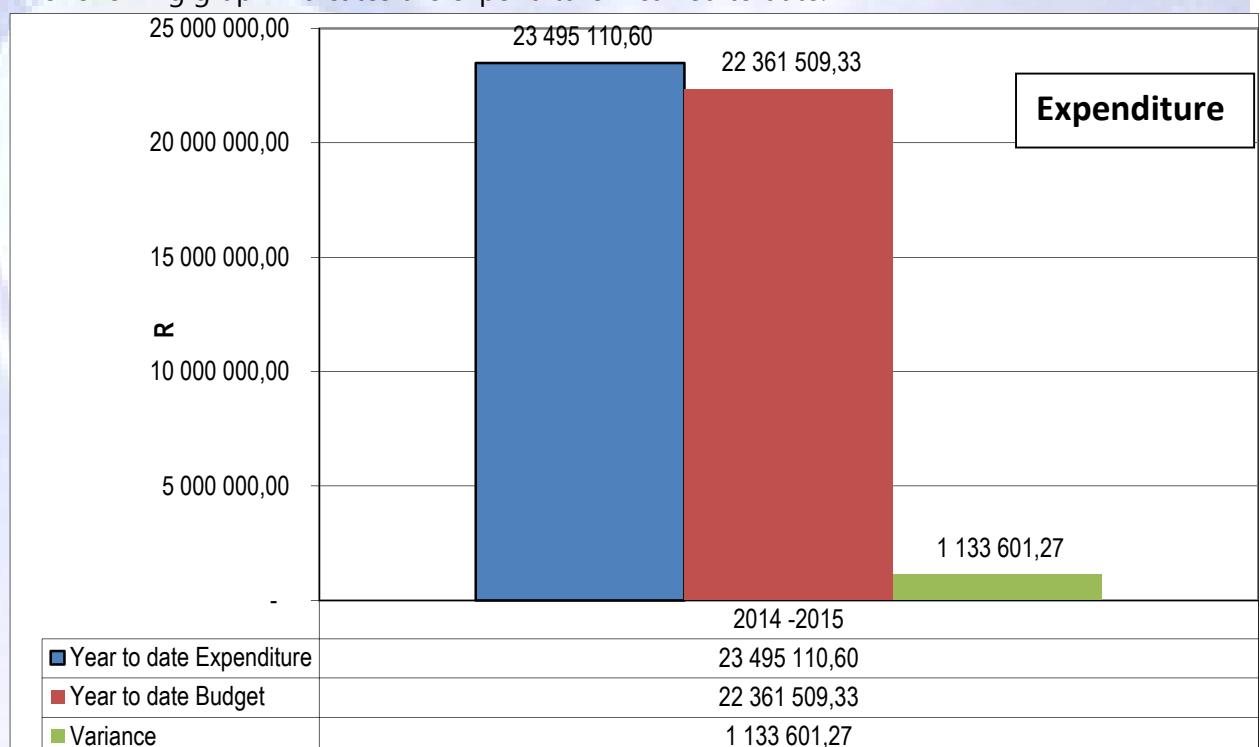

The following graph indicates the generated revenue to date:

Operating expenditure by type

Expenditure is overspent by 5% (R 1.1million). This is due to equitable share being recorded as expenditure when received. The situation will normalize as the year progresses. Annual audit costs to the amount of R 1.7million has been paid as well. Salaries previously allocated to MSIG will also have a negative impact on spending. Travel and subsistence is overspent by R 129 000 already. Other expenditure items overspent is audit costs and personnel costs. Fuel cost will also be taxed heavily for the duration of the budget period.

The following graph indicates the expenditure incurred to date.

Capital expenditure

The upgrading of roads in Carnarvon and Vanwyksvlei have been registered with MIG. The progress on capital projects will be highlighted in table SC 1.

Cash flows

The municipality has a positive cash flow for the year to date of R 9million. This is due to receipt of the equitable share payment. Salaries previously funded from MSIG also has an influence on the cash flow.

The following table indicates the funds available for working capital requirements:
